

SPECIALISTA DELL'ITALIA

JET Environmental policies

As a trading company handling top Italian brands and top quality wines and foodstuffs, Nichio Shoji Co., Ltd (JET). is committed to meeting the needs of our customers by introducing and proposing Italian life styles to the Japanese market, and at the same time, to protect the global environment.

1

We will conduct environmentally friendly activities at every step of the process, delivering top Italian brands and top quality wines and foodstuffs to Japanese households.

2

We set environmental goals for activities that affect the environment in our activities and promote the 3Rs: Reduce, Reuse, and Recycle.

3

We will address global environmental issues through our business activities, including pollution prevention, sustainable resource use, and adaptation to climate change.

4

In order to comply with environment-related laws and regulations and implement further environmental preservation activities, we are going to establish ISO14001(Environmental Management System) and will continue to improve it.

5

This system is applied to the whole company, and all employees participate in environmental conservation activities.
